Country of origin	Angleterre
Carton	600 pieces

DESCRIPTION

These circular Sticky-Mate® recycled paper post-its provide a neat, eye-catching way to record reminders and mark documents. Each pad contains 50 sheets of 80 g/m2 recycled paper, with full-surface printing available on every circle. The round shape stands out on a desk, in a notebook or beside a screen, and is suitable for everyday use at the office, in meetings or at home. The recycled paper composition makes them simple to handle and maintain.

We can personalise these with a range of techniques: pad printing (tampography), screen printing (sérigraphie), digital printing on objects, screen print transfers, DTF and flex. Perfect for companies, sports clubs, associations, events and individuals, these custom personalised post-its with logo are an eco-friendly option — free quotes and an in-house studio are available to prepare or vectorise your logo.
