Reference	2102
Composition	Stoneware ceramic
Material	Stoneware ceramic
Average weight	0.315
Dimensions	Ø7,9 x 9,4 CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

This gres ceramic mug is unisex and holds about 280 ml, featuring a natural cork base that protects surfaces. The ceramic body has a special coating for sublimation printing, enabling detailed artwork across the sides. Its straight profile and comfortable handle offer a practical grip, and the smooth glaze eases cleaning. Because cork is naturally textured and the coated surface has porosity, final print results may show slight variations between items.

The mug has a clean, functional silhouette without extra fittings; the sublimation-ready area covers the ceramic section while the cork base remains visible and tactile. It is designed for everyday hot drinks and straightforward care when following marking and cork maintenance guidelines.

Order this personalised ceramic via sublimation, screen printing on objects or pad printing. Suitable for companies, sports clubs, associations, events and private gifts. Minimum order quantity: 10 pieces (colours and sizes combined). Our studio can retouch or vectorise your logo to prepare it for production.

COLOURS (1)

White
