Made from PP plastic with a single wall, it is BPA-free and suitable for both dishwasher and microwave use, making it a reusable alternative to disposable cups. The range also allows adding an extra lid or a handle for added convenience. Manufactured in the United Kingdom and packed in a recycled PE plastic bag, the cup combines practicality with a reduced-waste approach.

We offer screen printing to create a custom / personalised cup with logo. Perfect for companies, sports clubs, associations, schools, events and private customers, the printing will showcase your branding on the cup.
