Country of origin	Angleterre
Carton	120 pieces

DESCRIPTION

The Americano® Switch Renew is a 300 ml single-wall cup designed for enjoying coffee on the move. It features a snug-fit lid as a practical alternative to single-use cups; dishwasher-safe, microwave-safe and BPA-free. The cup contains 25% sugarcane-derived plastic, reducing the need for virgin plastic. Sugarcane bio-plastic and a functional design make it a practical, more responsible choice for everyday use.

We can produce a custom / personalised cup with logo using object screen printing (sérigraphie objet), a method suited to curved surfaces. Perfect for companies, sports clubs, associations, schools, events and private customers who want a reusable branded cup.

COLOURS (6)
