DESCRIPTION

Terran 30 cm ruler made from recycled plastic, ideal for everyday use at the office, workshop or school. Sturdy yet lightweight, it features centimetre and inch markings printed directly on the surface — please note the measurements are printed at the same time as any personalisation; unbranded rulers will therefore have no graduations. Easy to handle and maintain, this ruler is a more sustainable choice due to its recycled plastic composition and practical design.

As a custom / personalised ruler with logo, it is perfect for companies, clubs, associations, events and private individuals and is customised using digital printing. We accept orders from one piece, provide a free weekday quote and offer a graphic studio to retouch or vectorise your logo. Collection in Evere or delivery in Belgium, France and Luxembourg.
