DESCRIPTION

The Terran 15 cm ruler, made from recycled plastic, is a practical, sustainable choice for office, school or home use. Its flat profile and clean edges make measuring and drawing straightforward; care is limited to simple soap and water cleaning. Note: the centimetre and inch markings are printed at the same time as any customisation — an uncustomised ruler will therefore have no measurements.

This custom / personalised 15 cm recycled plastic ruler with logo can be decorated by digital printing. Perfect for companies, sports clubs, associations, schools, events or individuals seeking a useful, eco-friendly promotional item. No minimum order (from 1 piece) and free quotes on weekdays.
