DESCRIPTION

The Round keyring I7 Orb is a transparent, compact keyring made from GPPS plastic, fitted with a metal split ring featuring a flat profile ideal for postal dispatch. The circular design holds a paper insert with a 3.3 cm diameter to display a logo, number or short information. Lightweight and easy to carry, it can be wiped clean with a damp cloth to preserve its clear appearance. Its round cut and plastic construction make it a discreet, practical accessory for everyday use.

Order a custom personalised round keyring with logo using digital printing (impression numérique): we print your artwork on the insert paper. Suitable for companies, sports clubs, associations, schools, events and private customers. Our studio can retouch or vectorise your logo if needed, and items can be collected from our Evere workshop or delivered in Belgium, France and Luxembourg.
