DESCRIPTION

Transparent house-shaped keyring made from GPPS plastic with a paper insert. The metal split ring has a flat profile, making it particularly suitable for postal mailings. The printable insert measures 5.9 cm x 5.6 cm, providing a clean area for a graphic or logo. Lightweight and practical, the keyring is easy to keep tidy with a soft cloth to protect the paper and plastic components. It is an effective promotional giveaway to include in mailings or to hand out at events.

This custom / personalised house-shaped keyring with logo is customised using digital printing (impression numérique), ideal for reproducing photos and full-colour designs on the paper insert. Suitable for businesses, sports clubs, associations, events and private customers.
