## DESCRIPTION

Flexible PP plastic ruler, the Rothko 20 cm is lightweight and practical for everyday measuring. Made from PP plastic, it offers flexibility and clear markings in both inches and centimetres. Important note: measurement markings are printed at the same time as the customisation, so non-personalised rulers will have no scale. Care is straightforward: wipe with soapy water and air dry.

Personalise this custom / personalised ruler with logo using object screen printing. Ideal for businesses, sports clubs, associations, schools, youth groups and individuals looking for a useful branded item for events, education or promotional purposes.
