Composition	SYNAPS paper, 450 g/m2
Material	SYNAPS paper, 450 g/m2
Average weight	4
Dimensions	20,9 x 0,1 x 4 cm
Country of origin	Angleterre
Carton	5000 pieces

DESCRIPTION

The Règle flexible Arc 20 cm is a lightweight, flexible measuring tool for everyday use. Made from SYNAPS synthetic paper 450 g/m², it offers the pliability of flexible plastic with the durability of a synthetic paper substrate. Scales in inches and centimetres are printed at the same time as any custom artwork; non-personalised rulers will therefore not show measurement markings. Compact enough for a pencil case or notebook, it is low-maintenance—dry cleaning is recommended to preserve the print.

Offer a custom / personalised ruler with logo for events, schools, clubs, associations or as a corporate promotional item. We can personalise using embroidery, DTF printing, flex, screen printing, screen-print transfers (1-colour and multicolour), embroidered patches, pad printing and digital printing on objects. Suitable for private customers and organisations seeking a practical branded item.

COLOURS (1)

White
