DESCRIPTION

The Lumin mouse pad is a versatile desk accessory, suited to everyday office work and gaming alike. Its smooth plastic surface delivers precise mouse tracking while full-colour edge-to-edge printing produces vivid, high-impact designs. The anti-slip base keeps the pad stable on the desk and the product is fully recyclable. Simple to maintain, it can be wiped with a damp cloth to preserve print clarity. This custom / personalised mouse pad with logo adds a professional visual touch to any workstation.

Personalise the pad using digital printing (impression numérique) to reproduce logos and full-colour artwork across the whole surface. Recommended for companies, sports clubs, associations, events and private customers, it works well for promotional campaigns and corporate gifts. YourVisualHere can retouch or vectorise your files in our graphic studio to ensure an accurate print result.
