Average weight	0.077
Dimensions	21,5 x 20 x 2,5 CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

The Marbo cork mouse pad combines a natural surface with an integrated wrist rest for comfortable daily desk use. Its rounded, slightly asymmetric shape provides a generous tracking area while the moulded wrist cushion eases strain during extended mouse use. Measuring 21.5 x 20 x 2.5 cm, it fits standard workstations and features a rubber non-slip base to keep it steady on various surfaces. Cork can be cleaned with a damp cloth.

Clean stitching around the wrist support and the understated finish ensure durability and a reliable tactile feel. The padded wrist area offers soft support without compromising cursor precision, making this pad suitable for office work, event stands and promotional use.

This personalised mouse pad can be customised by laser engraving or screen printing on objects depending on the desired effect. Suitable for companies, clubs, associations and events, orders start at 50 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; standard production lead times apply, with collection in Evere or delivery in Belgium, France and Luxembourg.
