DESCRIPTION

This RPET felt pen holder sits on a bamboo base and is designed to keep a professional or educational desk tidy. The felt gives a soft, quiet lining for pens and markers while the bamboo base includes a slot to hold a phone and provides a stable footprint. Compact dimensions (11.7 x 8.5 x 9.3 cm) make it suitable for small workspaces; care is simple—wipe the bamboo and spot-clean the felt as needed.

The holder has a square silhouette with rounded corners and enough height for pens and small desk items. The bamboo platform features a phone rest and a flat area suitable for business cards or notes. The felt/bamboo combination reduces handling noise and offers a restrained, natural look appropriate for meeting rooms, reception desks and home offices.
