DESCRIPTION

This Sharm set includes a 420 ml double-wall vacuum insulated stainless steel bottle and two 150 ml cups. The bottle features a leak-proof cap with an integrated carry loop and a slim profile (Ø6 x 22.5 cm) that fits easily into bags and cup holders. Durable stainless construction and a matt finish make it suitable for everyday mobile use; cleaning is recommended with warm soapy water.

The image shows cups with a flat handle and a small vertical detail for improved grip, and the bottle's stainless trims at the cap and base. The compact design keeps the set space-efficient, ideal for travel, office breaks and on-site events.

Customisation options: digital printing, laser engraving, screen printing on object and pad printing. Minimum order quantity: 10 pieces (colours and sizes combined) — smaller quantities are possible with additional costs. Suitable for companies, sports clubs, associations, events and individuals looking for personalised bottles for giveaways or corporate merchandise.
