Diy wooden bird house kit

Ref. 2130

Reference	2130
Composition	Wood
Material	Wood
Average weight	0.115
Dimensions	10 x 10 x 13CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

The Painthouse birdhouse kit is made from poplar wood and designed for easy assembly without glue. Pre-cut wooden panels slot together; the kit includes a paintbrush and six water-based paints so users can decorate the birdhouse themselves. Compact dimensions (10 x 10 x 13 cm) make it well suited for craft workshops, school projects and outdoor promotional activities.

The flat-packed kit is convenient for storage and transport. The raw wood surface accepts water-based paints well and can be lightly sanded for a smoother finish. Assembly is by interlocking panels for a stable structure once built.

This personalised birdhouse can be customised using digital printing, doming, laser engraving or pad printing and is aimed at companies, clubs, associations, schools and private customers looking for an interactive promotional item. Minimum order: 50 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
