Country of origin	China
Carton	40 pieces

DESCRIPTION

The Mano multi-tool is a compact pocket tool with 11 functions, featuring bamboo side panels and stainless steel components. Suited for everyday small repairs, it includes hex keys, a flat wrench, an adapter, a Phillips screwdriver and a socket function in a foldable format (9 x 2.5 x 4.1 cm) that fits easily into a kit or drawer. Bamboo gives a natural, comfortable grip while the stainless steel elements provide durable performance.

Its folding design and bamboo details make it practical for quick fixes and light maintenance tasks. The metal tools fan out smoothly from the body and fold back to minimise bulk, making storage straightforward. The compact dimensions make it a handy option for staff toolkits, clubs or corporate gifting.

Customisation is available by laser engraving or pad printing. Ideal as personalised tools and torches for businesses, clubs, associations, schools and events. Minimum order: 20 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees. Free quote within 24 hours on weekdays; graphic studio and delivery/collection options provided.
