DESCRIPTION

This 3-port USB hub in bamboo (model Hubbam) is a compact, stylish accessory for connecting multiple devices at your workstation. The bamboo housing measures 8.7 x 4.0 x 1.5 cm and is supplied with a 20 cm cable. Connectivity includes 2 Type-A outputs and 1 Type-C output, with a 2-in-1 Type-C/Type-A input — practical for everyday office or home use. Care is straightforward: wipe with a slightly damp cloth to maintain the wood finish.

The block-shaped housing features neat cut-outs for the ports and rounded edges, providing a stable footprint that doesn't occupy much desk space. The bamboo finish offers a tactile, durable feel that integrates well in professional settings and makes the hub a refined promotional item.

Customisation options include digital printing, doming, laser engraving and pad printing, suitable for corporate gifts, promotional items for clubs, associations, events or private orders. Minimum order: 50 pieces (colours and sizes combined). A refined choice as a personalised USB hub.
