DESCRIPTION

Foldable 3-in-1 wireless charging station in ABS designed to charge multiple devices at once: smartphone, smartwatch and wireless earbuds. Its compact dimensions (25 x 7.5 x 0.8 cm) and folding design make it easy to carry and store; the matte finish provides a secure feel and is simple to clean with a soft cloth. The 2-in-1 input accepts both Type-C and Type-A for flexible connectivity.

The Orio model unfolds into three distinct charging pads and folds flat for space-saving storage. Rounded edges and a sturdy ABS casing give it everyday durability. Available in several colours, for example white and black.

Customisation available for personalised wireless charger using digital printing or pad printing (tampography); well suited to companies, sports clubs, associations, events and corporate gifts. Minimum order: 25 pieces (colours and sizes combined). Free quote within 24 hours on weekdays and a graphic studio is available to refine your logo.
