Reference	2146
Composition	Bamboo
Material	Bamboo
Average weight	0.063
Dimensions	5,3 x 5,3 x 1,6 CM
Country of origin	China
Carton	80 pieces

DESCRIPTION

This compact bamboo-bodied cable, model Togobam, is a retractable solution for charging and syncing a range of devices. The round-square housing contains a flat cable that extends to 90 cm; input is a 2-in-1 Type-C/Type-A and the output offers Type-C plus a 2-in-1 micro USB/connector, giving broad compatibility. At 5.3 x 5.3 x 1.6 cm it tucks easily into bags or drawers for mobile use.

The top panel in bamboo sits on an ABS base, offering a neat, understated finish; the flat cable reduces tangles and the retractable mechanism protects connectors when stored. Its compact footprint and simple operation make it practical for everyday carry and event distribution.

Available to personalise from 40 pieces, this personalised phone accessory is suitable for marking on the bamboo surface using digital printing, doming, laser engraving or pad printing. Recommended for companies, sports clubs, associations, events and individuals seeking an eco-aware promotional item.
