Reference	2154
Composition	Bamboo
Material	Bamboo
Average weight	0.2
Dimensions	9,7 x 18,4 x 1,4 CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

A slim, low-profile wireless charger in bamboo designed for office desks or home use. Measuring 9.7 x 18.4 x 1.4 cm, it combines a 15W wireless charging area with a mug-warming section and a recessed phone rest to keep a smartphone upright while charging. The bamboo gives a natural, tactile finish and the distinct charging pad surface helps with accurate placement. For upkeep, wipe clean with a damp cloth.

Power is supplied via a USB cable and the charging area shows a subtle engraved charge symbol. Its thin profile and rounded edges allow discreet integration on reception desks or workstations. The bamboo construction makes it a durable, refined option for giveaways and meeting-room accessories.

Customisable by laser engraving or pad printing, this personalised wireless charger suits companies, sports clubs, associations, schools, event organisers and private customers. Minimum order: 15 pieces (colours and sizes combined). Our design studio can refine or vectorise your logo before marking.
