DESCRIPTION

The Gota straight umbrella offers a roomy dome (Ø83 x 88 cm) for everyday urban use. It features fiberglass ribs and shaft for good wind resistance and a manual opening. The canopy combines PET panels with one polyester panel dedicated to printing; the J-shaped rubber handle ensures a secure grip while the chromed shaft with plastic tips provides neat finishing. Available in several colours, for example Black and White.

The dome design gives effective coverage and the polyester print panel is integrated into the canopy for crisp branding. Fiberglass ribs provide flexibility and durability while keeping the umbrella lightweight and easy to carry. Practical dimensions and handling make it suitable for daily commuting and outdoor events.

Order this personalised umbrella for companies, clubs or events. Customisation techniques available: screen printing on object, multicolour transfer, DTF printing and flex. Note: minimum order 10 pieces (colours and sizes combined). Free weekday quote within 24 hours and our design studio can vectorise or retouch your logo.
