DESCRIPTION

The Smag waterproof phone pouch is designed for outdoor and sports use. Made from flexible PVC with an IPX8 waterproof rating, it fits phones up to 6.7 inches and measures 10.8 x 21 cm. The rectangular shape with a clear front keeps the screen visible and usable while fully protecting the device from water and sand. The adjustable, detachable cord allows it to be worn around the neck or attached to a bag.

The top clip closure and the attachment hook shown in the photo provide secure fastening and reliable hold during activity. The pouch is simple to rinse clean and dries quickly. It is available in several colours, for example black, among other options listed on the product sheet.

This personalised waterproof phone pouch can be customised by screen printing on objects. It is suitable for companies, clubs, events, associations and promotional gifts for private customers. Minimum order: 100 pieces (colours and sizes combined). Free quote within 24 h on weekdays and our in-house studio can retouch or vectorise your logo.
