DESCRIPTION

The Kaimono shopping bag is made from RPET non-woven fabric, designed for daily use, events or the beach. Its rectangular shape measures 45x16x32 cm and side gussets provide generous capacity; the long handles allow shoulder carrying. The RPET material gives a robust, non-woven finish while reflecting a more sustainable choice for promotional items. Practical and functional for business or association use.

Reinforced stitching and side gussets maintain the bag's shape when loaded. The long handles are securely attached at the top for comfortable carrying. The model is available in several colours, such as Black, Blue and Red, and its dimensions make it suitable for documents, shopping or promotional giveaways.

Customize this personalised shopping bag using multicolour transfer, DTF printing, flex or screen printing — techniques offered by our workshop. Minimum order: 75 pieces (colours combined). Ideal for companies, clubs, associations, events and individuals. Free quote and graphic studio available.
