DESCRIPTION

This vintage-style enamel metal mug holds 500 ml and measures 12 x 9 cm, making it suitable for hot and cold drinks. The metal body with an enamel coating provides a smooth, wear-resistant surface; the handle offers a secure grip. Its simple, functional design and enamel finish make it comfortable to use and straightforward to clean by hand.

The reinforced metal rim and straight-sided profile of the Plateado L give it a classic silhouette: a wide opening for easy drinking and convenient stacking. The enamel surface is particularly well suited to sublimation printing, producing sharp, long-lasting images. Care should be taken when washing the metal rim to preserve the finish.

Get this personalised mug decorated by sublimation, the recommended technique for photo-quality prints on enamel. Ideal for businesses, sports clubs, associations and events looking for a reusable promotional item. Minimum order: 25 pieces (colours and sizes combined). Our in-house design studio can retouch or vectorise your logo and we provide a free quote within 24 hours on weekdays.
