DESCRIPTION

Double-walled insulated cup with a 350 ml capacity, designed for everyday use at home, in the office or on the move. This unisex cup has a tapered silhouette, a smooth exterior and an anti-spill lid with a flip drinking opening. Made largely from recycled PP (including material from marine waste), it is BPA-free, fully recyclable and dishwasher-safe. Dimensions: 15.4 x Ø 9.45 cm; capacity 350 ml.

The minimalist design without handles makes cleaning and storage straightforward. The snap-fit lid reduces spills and the double wall provides improved thermal performance compared with single-wall cups. Each cup is supplied in its own cardboard box, convenient for gifting or retail presentation.

Have this cup personalised by screen printing for companies, sports clubs, associations, schools, youth movements or promotional events. Minimum order: 25 pieces (colours and sizes combined). Available in several colour options, for example White, Black or Blue.
