Average weight	0.022
Dimensions	7,8 x 2,9 x 0,6CM
Country of origin	China
Carton	500 pieces

DESCRIPTION

The Vetool pocket multi-tool is made from stainless steel for practical everyday use. Compact (7.8 x 2.9 x 0.6 cm), it combines eight functions: a toothed saw, wire cutter, wrench, Phillips and flat screwdrivers, ruler, bottle opener and a keyring loop for easy attachment. Its metal construction provides durability while remaining lightweight enough to carry on a keychain or in a toolkit.

The slim profile with an integrated carabiner improves portability and access; the engraved ruler offers quick measurements and the hex cut-outs act as common wrenches. The brushed finish reduces visible marks and care is simple — a wipe with a dry cloth keeps it clean.

Well suited for companies, clubs, associations or promotional events, the Vetool can be customised by laser engraving or pad printing. Minimum order: 250 pieces (colours and sizes combined). Our studio can prepare and optimise your logo for production to deliver a ready-to-use personalised tool.
