Average weight	0.02
Dimensions	6,3 x 6,3 x 11,5 CM
Country of origin	Poland
Carton	200 pieces

DESCRIPTION

This Fullhouse gardening kit is a playful paper set designed to introduce children to gardening. Compact (6.3 x 6.3 x 11.5 cm), it includes a foldable cardboard house, a multicoloured pencil, a small kraft pot and wildflower seeds. Made of paper, it is lightweight and easy to store; dispose of or recycle with paper waste after use.

The house assembles without tools, making it convenient for school events, fairs or family activities. The multicoloured pencil encourages decoration before planting; the kraft pot holds the soil tablet and seeds for simple germination. Its compact dimensions make it easy to hand out at promotional events.

Personalise this kit by tampography, digital printing, doming or laser engraving to add your logo. Suitable for companies, schools, associations, clubs and events. Minimum order: 100 pieces (colours and sizes combined). Promotional items have individual minimum quantities per reference; smaller quantities can be produced for an extra fee. Free quote within 24 hours on weekdays and an in-house design studio is available to retouch or vectorise your logo.
