Reference	2228
Composition	Recycled Stainless Steel
Material	Recycled Stainless Steel
Average weight	0.35
Dimensions	Ø6.5 x 25CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

The Aventur 500 ml double-walled bottle combines vacuum insulation with recycled stainless steel and features a cork base. Its slim, straight profile (Ø6.5 x 25 cm) and a screw cap that can double as a cup make it practical for commuting and office use. The bottle is leak-proof and suitable for keeping drinks hot or cold during the day.

The matte finish and cork base improve stability on flat surfaces. The straight neck eases filling and hand washing; avoid the dishwasher unless specified otherwise. It is available in several colours, for example black and white.

This personalised bottle can be customised by digital printing, laser engraving, screen printing on objects, sublimation or pad printing. Minimum order: 10 pieces (colours and sizes combined). Suitable for companies, sports clubs, associations, events and private customers. Our design studio can retouch or vectorise your logo for the best result.
