DESCRIPTION

Diaward crystal award made of glass, measuring 22 cm high with a 7x7 cm base, supplied in a gift box. Its faceted, tapered column sits on a cut base, giving a refined, architectural look that stands out on a desk or display shelf. The polished glass highlights the clean angular cuts and refracts light attractively.

Care is straightforward: gently wipe with a soft, non-abrasive cloth to maintain its shine. The presentation box protects the item during storage and transit. Ordering is by batch — minimum 3 pieces (combined colours and sizes).

Customisation available by digital printing, doming or laser engraving. A well-suited personalised desk accessory for companies, clubs, associations, events or private awards; our studio can retouch or vectorise your logo before production.
