Ref. 2241

Reference	2241
Composition	Stainless steel
Material	Stainless steel
Average weight	0.17
Dimensions	Ø6 x 22CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

The Bira stainless-steel bottle is a single-wall 650 ml flask (Ø6 x 22 cm) with a slim, practical profile. It features a PP screw cap with an integrated silicone carry loop for easy handling and transport. As a single-wall bottle, some heat transfer may occur between the contents and the exterior; it is best cleaned by hand.

The design includes a threaded neck and a moulded strap on the cap for carrying or attaching. The smooth external finish is uniform and durable for everyday use; there is no internal insulation. Its proportions make it lightweight and convenient for distribution at events, for office use or for sports clubs.

Customised as a personalised bottle from 25 pieces, the Bira accepts several marking methods: DTF printing, laser engraving, screen printing for objects, pad printing, doming and sublimation. Suited to companies, sports clubs, associations, schools and event giveaways. Free quote within 24 hours on weekdays; collection at our Evere studio or delivery in Belgium, France and Luxembourg.
