Average weight	0.004
Dimensions	Ø0.7 x 19CM
Country of origin	China
Carton	4000 pieces

DESCRIPTION

The Stomp Sharp wooden pencil is designed for writing and note-taking. Its cylindrical shape and slim profile (Ø0.7 x 19 cm) provide a familiar, comfortable grip for extended use. Made of wood, it is easy to sharpen and suitable for offices, promotional giveaways and educational settings. Maintenance is straightforward: sharpen the lead as required.

The pencil features a metal ferrule holding an eraser, allowing quick corrections without additional tools. Its understated finish and natural wooden appearance make it well suited for bulk distribution. Available in several colour options such as natural wood, black or white, it follows the standard long pencil proportions visible on the product image.

Customisation options include laser engraving, pad printing and screen printing on objects. Ideal for companies, clubs, associations, schools and events seeking personalised pencil items. Minimum order: 2000 pieces (colours and sizes combined); the item is supplied in inner cartons of 100 pieces. We provide a free weekday quote and our studio can prepare or vectorise your logo if required.
