DESCRIPTION

The Hugme hooded towel for babies and young children is made from cotton and sized at 75x75 cm to wrap and dry gently after baths. The square cut with an integrated hood keeps the child comfortably covered while remaining easy to handle. The cotton fabric provides softness and absorbency; machine wash according to care instructions.

Visible details include a triangular hood and stitched edges that improve durability and reduce fraying. Its compact dimensions make it convenient for home use, nurseries or swim classes and easy to carry in a baby bag.

Personalise this personalised hooded towel using embroidery, DTF printing, flex or multicolour transfer depending on the desired finish. Suitable for nurseries, schools, associations, swim clubs and birth events. Minimum order: 6 pieces (colours and sizes combined); free weekday quotes.
