Material	Metal
Average weight	0.07
Dimensions	Ø5 x 0,2CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

This metal medal measures 5 cm in diameter (0.2 cm thick) and is designed for awards at sports and leisure events. The round shape with an inner laurel motif gives a classic, neat appearance. It is offered in several finishes, such as gold, matt silver and brown, and comes with a polyester ribbon. Care is simple — a soft cloth will preserve the finish.

The ribbon attaches via a small ring for secure wear; the smooth central area provides a clear surface for durable marking. Its compact Ø5 cm size suits school competitions, club events and ceremonial presentations. The photograph shows the medal in its presentation layout.

Order this personalised medal from a minimum of 50 pieces (colours and sizes combined). Customisation techniques available: laser engraving, pad printing (tampography), digital printing, doming and screen printing on objects. Recommended for companies, sports clubs, associations, schools and events seeking a recognisable award.
