DESCRIPTION

The Irto smartwatch is a unisex health and activity tracker combining a zinc-alloy case with a soft silicone strap and a 2.01-inch touch LCD. It features a rechargeable Li-Pol battery and pairs with the free HryFine app on iOS and Android. The rounded case and supple strap provide comfortable all-day wear. Dimensions: 25.5 x 4 x 1.2 cm.

Practical details include a side crown for navigation and a straightforward strap attachment designed for everyday use. The model is offered in several colours, such as black and silver, and can be cleaned with a damp cloth for the case and a mild cleaner for the silicone band.

Minimum order: 45 pieces (colours combined). The watch can be customised by pad printing and screen printing on objects. Suitable for companies, sports clubs, associations, events and private customers — our in-house design studio can refine or vectorise your logo prior to production.
