Reference	2276
Composition	Stainless steel
Material	Stainless steel
Average weight	0.35
Dimensions	29 x 10,3 x 2,4CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

Unisex claw hammer, model Cracker, designed for everyday DIY tasks. It combines a steel head with a beech wood handle sourced from FSC-certified material, delivering a natural grip and reliable handling. Compact dimensions of 29 x 10.3 x 2.4 cm make it practical for routine use; the finish is straightforward and built for durability. Care consists mainly of keeping the wood dry and protecting the steel head from corrosion.

The classic head profile aids driving nails and extracting them with the claw. The straight wooden handle has a smooth surface for comfortable gripping, and the visible head-to-handle connection provides the strength needed for repeated use.

Customise this tool with laser engraving or pad printing depending on the desired finish. Suited to companies, sports clubs, associations, promotional events and corporate gifts. Minimum order: 20 pieces (colours and sizes combined). Our graphic studio can prepare or vectorise your logo — free quote within 24 hours on weekdays. personalised hammer
