DESCRIPTION

A desk organiser-style wireless charger in bamboo, designed to hold a phone while keeping pens and small items organised. The integrated 15W charging pad sits in a circular recess of a rectangular bamboo block, paired with a foldable RPET mousepad. Dimensions: 20 x 26 x 2.2 cm. The natural bamboo surface wipes clean with a damp cloth and the RPET pad can be hand-cleaned.

The unit features a tray area, a dedicated charging zone and three pen holes; the power cable exits at the rear for a tidy desk layout. Smooth bamboo finish and precise assembly provide a stable, professional feel in daily use.

Customisation possible by laser engraving on the bamboo or by screen printing on suitable areas. Suitable for companies, clubs, associations and corporate gifts. Minimum order: 32 pieces (colours and sizes combined) — each product sheet specifies the applicable minimum quantity.
