Average weight	0.022
Dimensions	8,8 x 3,5 x 3,7 CM
Country of origin	China
Carton	500 pieces

DESCRIPTION

Compact USB-C fan made of TPE, designed to plug directly into a smartphone or power bank. Small and lightweight (8.8 x 3.5 x 3.7 cm), it provides a steady airflow to cool you on the move or at your desk. The TPE construction gives a soft touch and good resistance to light impacts; maintenance is straightforward with a dry or slightly damp cloth.

The Phan model features two curved blades and a protected rotating hub, offering a discreet profile and low noise during use. Its compact dimensions make it easy to carry in a pocket or bag, and the matte finish contributes to a practical, unobtrusive appearance.

Customisable by pad printing, this accessory is suitable for events, businesses, clubs, associations and private customers. Minimum order: 250 pieces (colours and sizes combined). Our design studio can prepare or vectorise your logo and we provide a free quote within 24 hours on weekdays.
