Country of origin	China
Carton	50 pieces

DESCRIPTION

The Vino electric bottle opener is a kitchen utensil made of ABS with a matte finish, designed for quick, effortless bottle opening. Compact (5 x 4.5 x 19 cm) and cylindrical, it offers a comfortable grip and straightforward operation using 4 AAA batteries (not included). Its solid plastic construction makes it robust for regular promotional use.

The unit features a side button for simple one-handed activation and a covered mechanism that keeps moving parts protected. Low maintenance — wiping with a dry cloth is normally sufficient — and its slim profile makes it easy to include in gift sets or hospitality kits.

This item can be customised as a personalised kitchen utensil by digital printing or pad printing. Minimum order: 25 pieces (colours and sizes combined). Suited to companies, clubs, associations, events and promotional gifting. Free quote within 24 hours on weekdays; our design studio can retouch or vectorise your logo. Collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
