Ref. 2292

Reference	2292
Composition	ABS
Material	ABS
Average weight	0.125
Dimensions	Ø3 x 22CM
Country of origin	China
Carton	72 pieces

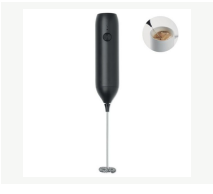

DESCRIPTION

Handheld milk frother in ABS with a matte finish, designed for preparing cappuccinos, lattes and other hot drinks at home or in the office. Compact (Ø3 x 22 cm), it offers simple one-button operation and a built-in 500 mAh battery rechargeable via USB Type-C (cable included). With a rotation speed of up to 10,000 rpm the whisk produces dense, even foam; the ABS body is easy to wipe clean and the whisk rinses quickly after use.

The elongated, minimalist shape is space-saving and practical. The thin shaft and spiral whisk reach the bottom of cups and small containers for efficient frothing. Available in 1 colour (Black). Minimum order: 36 pieces (colours and sizes combined).

We can personalise this milk frother with digital printing, doming or pad printing. Ideal for companies, cafés, events, associations and private customers seeking a useful promotional item. Free quote within 24 hours on weekdays and our artwork studio can retouch or vectorise your logo.
