Country of origin	China
Carton	200 pieces

DESCRIPTION

Compact USB hub made from recycled aluminium, designed to expand the ports of a laptop or desktop. This slim, unisex bar-style model features three USB-A ports and one Type-C port, with a 2-in-1 Type-C/Type-A input and a 19 cm cable. Its small footprint (1.7 x 0.7 x 9.5 cm) makes it easy to slip into a bag for mobile use and to keep clean with a simple dry wipe.

The matt aluminium finish provides a solid feel and good everyday durability; the low-profile shape allows multiple cables to be connected side by side without bulk. Available in 1 colour (black). Minimum order quantity: 100 pieces (colours and sizes combined).

This personalised USB hub is ideal for corporate gifts, trade shows, schools and promotional packs. Customisation options include digital printing, doming, pad printing (tampography) and laser engraving to apply your logo or message. Free quote within 24 hours on weekdays; collect at our Evere workshop or delivery in Belgium, France and Luxembourg.
