Country of origin	China
Carton	50 pieces

DESCRIPTION

This 420 ml Phottle vacuum insulated bottle is made from recycled stainless steel and is suited to keeping drinks hot or cold on the move. Its slim profile (Ø6 x 21 cm) and smooth finish give a comfortable handhold; the lid features a non-slip silicone insert designed to hold a phone, useful at a desk or when travelling. The bottle is leak-proof for safe transport.

The screw lid and minimalist design make hand cleaning straightforward. The double-wall construction improves thermal retention and reduces external condensation. Note: the bottle is available in several colours and is sold in minimums of 25 units (colours and sizes combined).

Customisation available by digital printing, laser engraving, screen printing on objects or pad printing. Suitable for companies, clubs, associations and promotional gifts; our graphic studio can retouch or vectorise your logo and a quote is provided free within 24 h on weekdays.
