PLA double wall tumbler 350ml

Ref. 2310

Reference	2310
Composition	PLA
Material	PLA
Average weight	0.267
Dimensions	Ø8.5 x 14CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

Double-walled cup made from PLA (corn) with a TPR interior and a PP lid, offering 350 ml capacity. The double wall improves insulation for hot or cold drinks and the leak-resistant lid makes it convenient for transport. Dimensions Ø8.5 x 14 cm, slim cylindrical silhouette with a matte finish providing a comfortable grip as shown in the photo. Hand washing is recommended to preserve the PLA material.

The cup features an integrated flip closure and a smooth, seam-free profile that reduces areas where dirt can collect. Its bio-based composition suits events, office use or takeaway beverages. Offered in several colours (Black, White, Beige, Petrol) so you can pick the shade that matches your branding.

Customisation available by digital printing, screen printing on items or pad printing. Minimum order: 15 pieces (colours and sizes combined). Ideal for companies, events, associations, clubs and individuals looking for a personalised cup; free quote within 24 hours on weekdays and a graphic studio is available to vectorise or refine your logo.
