Ref. 2311

Reference	2311
Composition	PLA
Material	PLA
Average weight	0.4
Dimensions	19 x 12 x 6.5CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

The Beibabox lunchbox is made from PLA (corn-based bioplastic) and holds 1000 ml. It combines a PLA body with a bamboo lid and an RPET elastic strap, offering a lightweight, practical solution for daily meals. Its rectangular shape with rounded corners and compact dimensions (19 x 12 x 6.5 cm) make it easy to carry in a bag without taking up excess space. Hand washing is recommended unless otherwise specified.

The flat bamboo lid gives a natural, rigid finish and the elastic band keeps the box securely closed during transport. The lunchbox is available in several colours — for example Black, White and Beige — and the matt PLA surface provides a contemporary look. The size is convenient for storing in a fridge or locker and the rounded profile avoids sharp edges.

Customise this personalised lunchbox using laser engraving, pad printing (tampography), digital printing or doming depending on the required finish. Suitable for companies, sports clubs, associations, events and private clients looking for an eco-friendly item. Minimum order: 10 pieces (colours combined). Our graphic studio can retouch or vectorise your logo; free quote within 24 hours on weekdays and standard production in 10 working days.
