| **Country of origin** | China |
| **Carton** | 20 pieces |

## DESCRIPTION

The Musey double-walled bottle is a vacuum-insulated stainless steel bottle (90% recycled steel) with a 500 ml capacity, designed to keep drinks at the desired temperature. Its slim dimensions Ø7.2 x 27 cm make it easy to carry and store. The screw cap features a flexible silicone carrying loop and the design is leak-resistant; remove the detachable 3W speaker for cleaning to protect the seal.

The smooth finish and vacuum construction provide a secure feel and effective insulation; visible joined parts at the base and cap indicate practical robustness for daily use. Suitable for office use, events or commuting; clean the cap separately after removing the electronic component.

Customisation options include personalised bottle finishes using digital printing, laser engraving, screen printing on objects or pad printing. Well suited to companies, clubs, associations, events and promotional gifts. Minimum order: 10 pieces (colours and sizes combined).

## COLOURS (1)

Black
