Reference	2322
Composition	Recycled Stainless Steel
Material	Recycled Stainless Steel
Average weight	0.158
Dimensions	Ø8.5 x 10.5CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

This single-wall stainless steel recycled cup, model Walnut, holds 350 ml and is designed for everyday use at the office or on the move. It pairs a metal body with a walnut lid and walnut grip band for comfortable handling. As a single-wall item it may transfer heat; remove the grip for cleaning. Available in several colours, for example Black, White and Matte Silver.

The compact dimensions (Ø8.5 x 10.5 cm) make it easy to carry in a bag or place on a counter. The wooden lid provides a neat closure while the walnut band offers a pleasant drinking zone. Suitable for hot and cold drinks in routine use, observing the single-wall limitations regarding heat retention.

Customisation available by laser engraving or pad printing, ideal for businesses, sports clubs, associations, events or corporate gifts. Minimum order: 20 pieces (colours and sizes combined); smaller quantities may be possible with additional fees. Free quote and in-house design studio available to retouch or vectorise your logo.
