Composition	Recycled Stainless Steel
Material	Recycled Stainless Steel
Average weight	0.2
Dimensions	Ø8.5 x 8CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

The Acero double-wall mug is made from recycled stainless steel (90% recycled) and holds 350 ml in a compact Ø8.5x8 cm size. Its straight-sided shape and insulating walls suit hot or cold drinks; the wooden handle shown in the photo gives a clear grip and a pleasing material contrast. It comes in several colours, for example Black, White and Navy. The stainless interior and base provide robust use and straightforward hand-care.

The rounded rim and uncluttered profile make the mug easy to store and suitable for batch distribution. The wooden handle is attached to the side, leaving a flat area ideal for decoration; the matte finish contributes to a contemporary, understated look.

This personalised mug is available from 15 pieces (colours and sizes combined). We can personalise by laser engraving, screen printing on object or pad printing for companies, sports clubs, associations, events or corporate gifts. Free quote within 24 hours on weekdays and our design studio can vectorise your logo.
