Tritan bottle 450 ml

Ref. 2329

Reference	2329
Composition	Tritan
Material	Tritan
Average weight	0.125
Dimensions	Ø7 x 19CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

450 ml Tritan bottle designed for babies and young children. Its slim, transparent body makes it easy to check liquid level; the lid features an integrated straw and a practical carry loop for transport. Made from Tritan, the bottle is lightweight and durable and is described as leak-resistant. Dimensions are Ø7 x 19 cm, suitable for school bags and lunchboxes.

The lid operates with a one-handed flip mechanism and safety lock; the internal straw allows comfortable drinking without tilting the bottle excessively. The smooth surface lends itself to printing around the lower band or on a flat face, and simple hand-rinsing is recommended to preserve the print and the lid mechanism.

Personalised product for companies, clubs, associations and private orders; customisation techniques available: screen printing, digital printing, pad printing. Minimum order: 20 pieces (colours and sizes combined). Our graphic studio can vectorise or adapt your logo; free quote within 24 hours on weekdays. Collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
