Average weight	0.018
Dimensions	7,5 x 2,9CM
Country of origin	China
Carton	500 pieces

DESCRIPTION

The Multikey keyring is crafted from recycled stainless steel (90% recycled stainless steel, 10% stainless steel) and measures 7.5 x 2.9 cm. Its slim, functional shape features a narrow carabiner clip, a round trolley token and a discreet ruler — a compact, durable everyday accessory with a brushed metal finish for a low-profile look.

The flat tool incorporates a bottle opener and cut-outs for 5.5, 7 and 8 mm hex keys; the carabiner uses a small visible spring clip as shown on the photo. Low-maintenance and easy to clean with water, it keeps its metallic appearance without special treatment.

Order this personalised keyring with laser engraving or pad printing. Ideal for companies, events, clubs and associations seeking a practical, recyclable promotional item; minimum order: 250 pieces (colours and sizes combined). Free quote within 24 hours on weekdays and our design studio can prepare or vectorise your logo.
