Fleece multiuse beanie

Ref. 2350

Reference	2350
Composition	RPET
Material	RPET
Average weight	0.04
Dimensions	25 x 23CM
Country of origin	Bangladesh
Carton	200 pieces

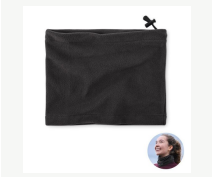

DESCRIPTION

Multi-use beanie in one size, designed to function as a neck warmer or light hat. Made from RPET fleece (200 g/m²), it provides a soft, insulating yet lightweight feel. The tubular cut lets you wear it around the neck, pulled up over the face or as a conventional beanie. Care is straightforward — RPET fleece dries quickly and requires no special treatment.

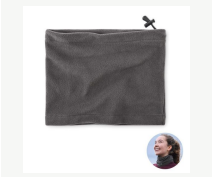

The construction is practical: stitched hems for durability and an adjustable cord with toggle to modify the opening. Dimensions 25 x 23 cm, one size. The Blizzard Rpet is available in several colours, including Black, Gris Pierre and Navy. Minimum order: 100 pieces (colours combined).

Well suited for businesses, sports clubs, associations, events and private customers, this item can be customised with personalised beanie options such as embroidery, screen printing on the item, multicolour transfer, DTF printing or flex. Our design studio can retouch or vectorise your logo; request a free quote in weekdays.
