DESCRIPTION

Malta bar mat in PVC, designed for professional use behind a bar. Measuring 60 x 9 x 1 cm, the PVC construction provides a wipe-clean, water-resistant surface. A flat central panel offers a stable resting area while textured sections either side help keep glasses and bottles in place to reduce slipping. Well suited to bars, events and mobile stands.

The mat features straight edges and a consistent thickness for secure placement on a counter. PVC is easy to maintain with soap and water; longevity depends on mechanical wear but the material is appropriate for service environments. Its compact dimensions and practical design make it a discreet, functional accessory.

Customisation available by screen printing on objects or digital printing on the central panel. Ideal for companies, bars, associations, clubs and event organisers. Note: minimum order 10 pieces (colours and sizes combined). Free quote within 24 hours on weekdays, standard production 10 working days, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
